

LUX STAINLESS

jacksongrills.com/lux

ASSEMBLY TIME: APPROXIMATELY 15 MINUTES

The Lux series is our most popular series. Beautiful stainless steel design throughout.

The highest grade material where it counts (firebox, grates etc) and value stainless (SS201) in other areas.

Roast a chicken to perfection on the infrared rotisserie (included!). As with all Jackson Grills, the Lux is designed to impress with evenly distributed searing temperatures that are reached in under 10 minutes.

You will be amazed, full width stainless steel grease tray that is easy to remove and maintain!
